Type of organization

Small and medium enterprise | School/Institute/Educational centre – Vocational training (secondary level)

Is the partner organization a public body?

No

Is the partner organization a non-profit?

No

ABOUT US

Training Academy – L'Accademia della Formazione S.r.l. is an Italian vocational education and training provider based in Lazio, accredited by the Lazio Region for vocational training and employment services. Established as a training initiative in 2017 and incorporated as a company in 2018, the organisation has developed an integrated model connecting recognised vocational training, career guidance, work-based learning, job matching, funded training for companies and European cooperation.

Training Academy serves learners, professionals, jobseekers, companies and public administrations through practical, labour-market-oriented pathways in health and social care, beauty, business, job-related skills, and digital and technical fields. Its accredited Employment Agency, specialist departments and extensive network of host organisations enable learners to progress from training and qualification to internships and employment.

As part of G&A Holding, Training Academy operates within a multidisciplinary ecosystem combining training, social services, communication, innovation and territorial development, strengthening its capacity to deliver complex national and European projects.

Accreditations and Authorizations

- **Region Lazio** – Accreditation for vocational training and employment services
- **Consiglio Nazionale degli Ingegneri** – Authorization to provide continuing professional education for engineers
- **Forma.Temp** – Registration as an authorized provider of funded training programs for temporary workers
- **ISO 9001** – International certification that attests the quality and efficiency of organizational and training processes.
- **EUROPEAN COMMISSION** – Recognition and participation in European programs and projects
- **ARES 118** – Accreditation for the provision of BLSD and PBLSD courses
- **CERTIT** – University of Roma Tre Certification and training for teaching the Italian language.
- **NATIONAL COUNCIL OF ENGINEERS** – Continuing professional training
- **EIPASS** – Certification of digital skills
- **FONARCOM** – Interprofessional fund for the continuing education of workers and companies.
- **KNOWLEDGE FUND** – Fund dedicated to financing training programs for skills development.
- **PROFESSIONAL FUND** – Interprofessional fund for continuing education in professional firms and associated companies.
- **FONDIMPRESA** – Main Italian interprofessional fund for the training of workers in companies.
- **FORTE** – Joint fund for continuing education in the tertiary, tourism, and services sectors.
- **FONDIR** – Interprofessional fund for the continuing education of managers in the tertiary sector.
- **FONCOOP** – Interprofessional fund dedicated to continuing education in cooperative enterprises.
- **FONTER** – Joint interprofessional fund for continuing education in the tertiary sector.

STAFF AND EXPERTISE

Training Academy relies on a multidisciplinary structure combining management, pedagogy, administration, career guidance, employment services, quality assurance, digital learning and European project management. In 2025, the organisation involved more than 300 trainers and operated through specialist units covering didactic management, orientation, funded training, EU projects, employment services and quality. This integrated structure supports the delivery of complex training programmes and national and transnational projects from design to implementation, monitoring and exploitation.
